

MULTIMEDIA// WI-FI

The apartment has a television with internet connection and pre-installed Netflix app.

There are two already set up Netflix accounts to choose from: **P3Paradise** and **Kinder** (children-friendly account).

Note:

Please note that the response time of the TV and / or router may be slightly delayed after pressing the buttons. Please be patient for a moment.

Repeatedly pressing the buttons too quickly can lead to technical problems.

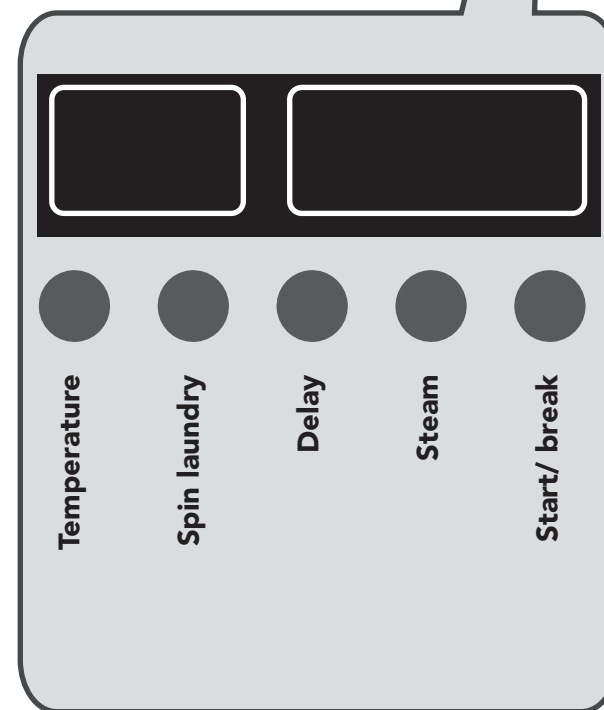

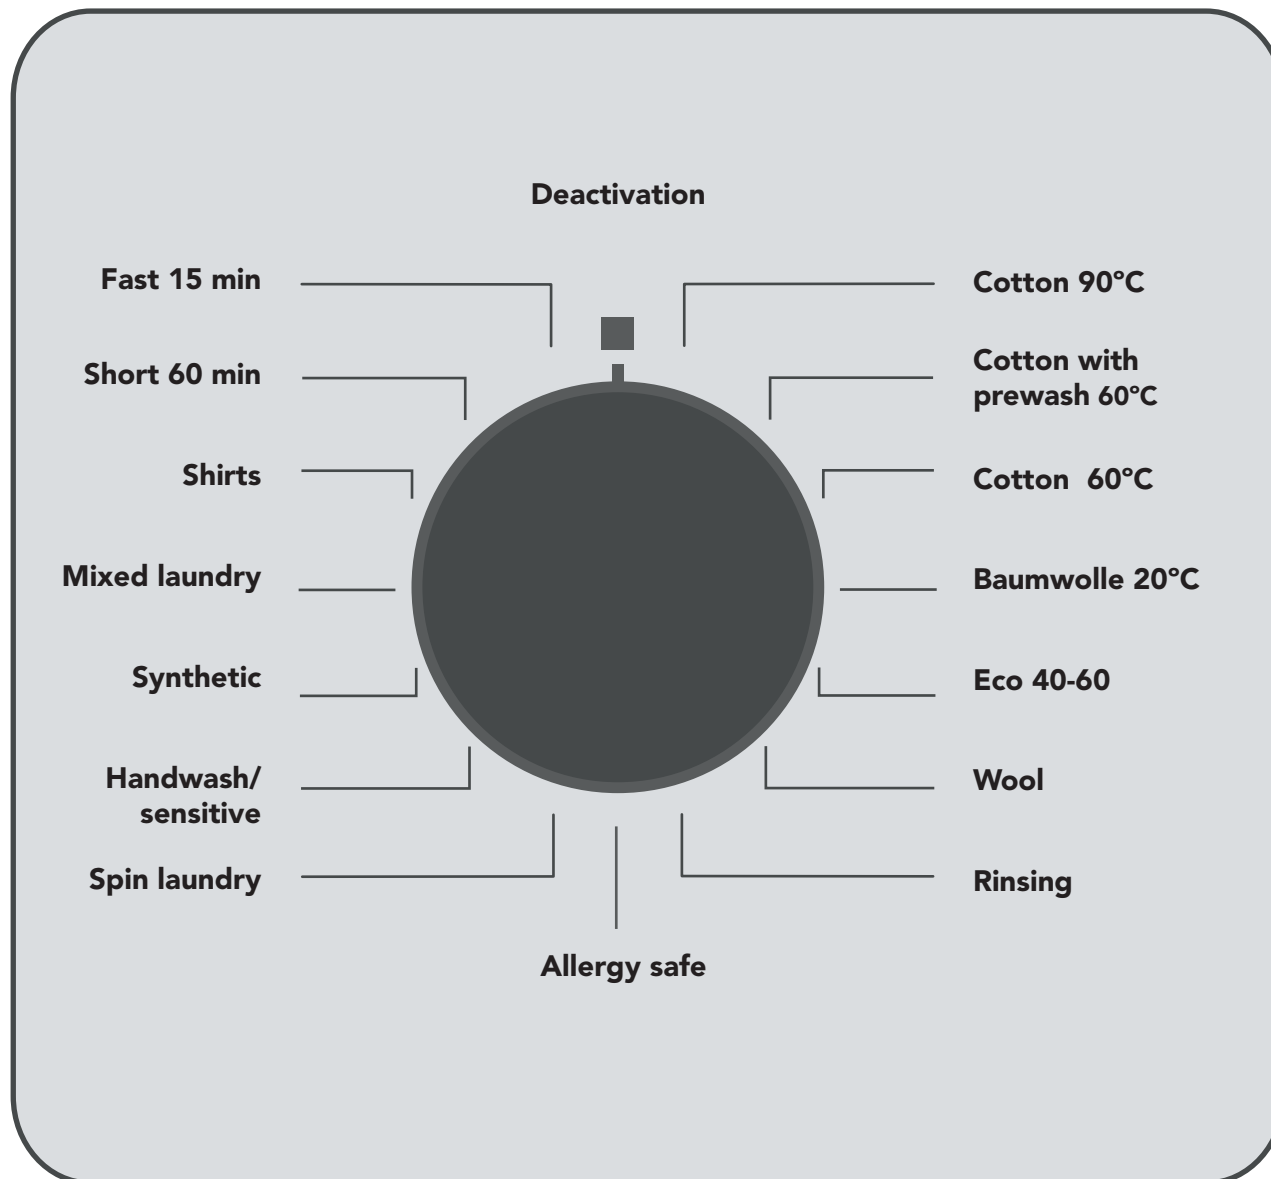

If technical problems occur, it is advisable to remove the mains plug of the TV set from the socket and wait a moment. Then reinsert the plug, switch the TV on again and enjoy your desired programme.

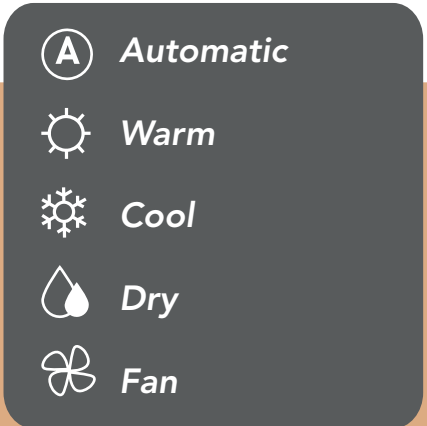

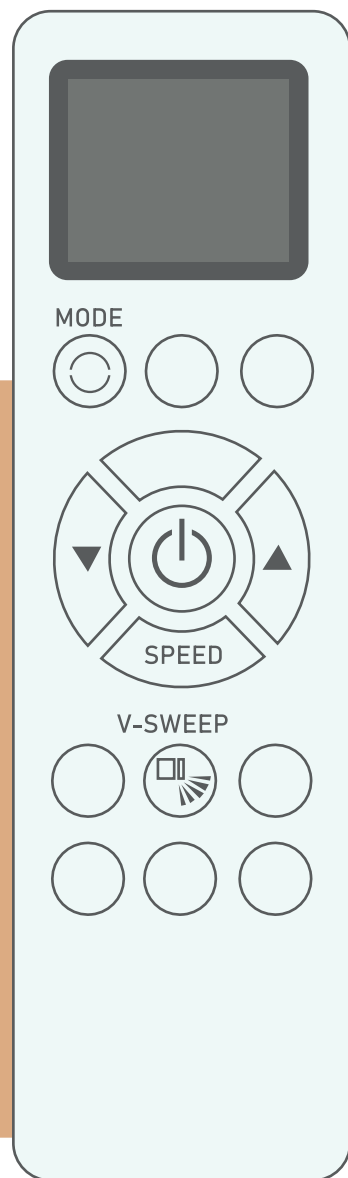

Our apartment complex offers our guests free internet access. The access data for our guest WLAN will be sent to you 14 days before the start of your holiday together with further information in an e-mail 14 days before the start of your holiday.

Please note:

This is not a public service, but an internal WLAN. Please comply with the applicable laws when using it and do not make this access available to unauthorised third parties. Thank you very much!

WASHING MACHINE

Mode-button programs

AIR CONDITIONER

Turn on the air conditioner.
Use the **MODE**-button to choose between programs: **AUTOMATIC, WARM, COOL, DRY, FAN.**

You can use the **ARROW**-buttons to set the desired temperature.

You can use the **SPEED**-button to regulate the intensity of the fan.

You can use the **V-SWEEP** button to determine the direction of the airflow.

Note:

Press the V-Sweep button once to move the air conditioning slats. When the louvres are in the optimum position for you, press the button again and the louvres will remain stationary.
